

# Casting My Magic Circle

## Why I need to cast a circle

- To protect me from evil spirits.
- To open the portal to the spiritual realm
- To put my mind into the right state to work magic

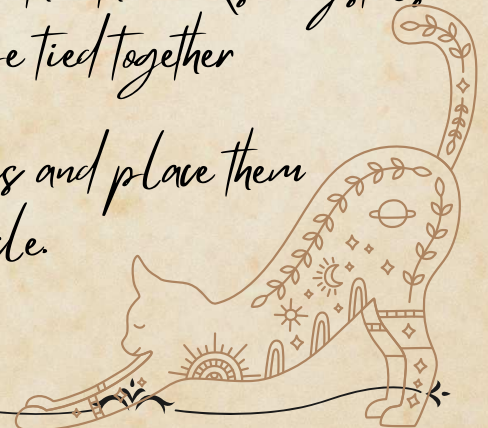

## My steps to cast a circle

1. Go to my sacred safe space to perform my ritual.
2. Cleanse my sacred space through meditation and using my wand to dispel any negative energy.
3. I can also use smudging with sage to clear the negative energy
4. Create my physical circle with either rocks, crystals, drawn chalk or a rope tied together
5. Gather all ritual items and place them into my circle.

important.

Never Break  
The Circle!

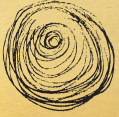

# Using My Magic Circle

How I bless

light candles  
sprinkle salt around the circle  
recite an invocation

I must bless my circle  
before beginning my ritual

I will walk around my  
magic  
circle 3 times and say:  
"Cast the circle thrice  
about, to keep the evil  
spirits out."

Now I must  
go internally  
and meditate and  
call the  
goddesses and  
deities I wish  
to work with into the circle

My Invocation

From East to South,

North to West

I call upon my Goddess to arrive &  
bless

To brew my spell, and honour you  
well

with hands steadfast, my circle is cast

I respect the circle and the energy created  
within. I thank the goddess and elements for  
their support and guidance. I state that the  
circle is now closed and only then should I  
break the circle
